

New Shop, New Staff, Let's Go!

Ben Jones and Jess Munn, Directors, BJ'S Tyres, Dunlop Super Dealer, Roma

I would have paid ten times the amount it cost to attend the *Australian Business Camp*, it was that amazing. It's the best thing we have ever done for our business. Without a doubt, the return we have seen in our business, on the investment we made to attend the three-day Camp, has far exceeded the cost of the course.

I had wanted to go to the Camp for some time. So, when we moved our shop to the main thoroughfare and employed new staff, the time was right.

Attending the Camp has made such a difference to our business. We work more efficiently, everything flows better and we have implemented policies and procedures that have made life so much easier.

It's great for any business, especially small business and the information was invaluable.

The great thing about the Camp is that there were so many different industries represented from builders and doctors to architects and retail shops like us. This Camp applies to any business and anyone who wants to improve in business would be silly not to attend.

Originally, we were referred to CondonTreasure through Ben's parents. They were so happy with the service and the quality of the services they offered, that we thought we would try them.

Their customer service is the best, fantastic. The fact that CondonTreasure makes you feel so valued is the reason we stay with them.

It's unbelievable how good their help is. When you call CondonTreasure, it's not just one of the friendly staff at the organisation that remembers you, it's all of them. They all seem to know who you are and where you work.

After the Camp, Lucy Webb, Manager, Rise Professionals, helped us organise a job assistance grant which helped to pay for the camp and other business expenses. They always find a way to assist you every time.

We now utilise their business services and see them every month for a Strategic Planning Meeting. We set budgets, discuss implementation of basic business principles into the business, talk about our ethos and nut it out together. They really help us to stay on track.

Without hesitation, I would highly recommend all of the services offered by CondonTreasure.

The Camp and the business development services have helped us to know what to look for in improving our business. Ultimately this has ensured our future success.
